

Key handover dropbox with key slide

This key box is intended for installation in a wall. It secures your keys and key cards reliably. There is a door on the metallized front of 8 mm thick steel and a polyurethane top. On the left side a metal roll wheel is installed. The delivery includes two double-bitted keys. The key box has a key slide and is installed directly in the wall. The ideal wall width is 14 to 50 mm, but it is also possible to install the box in thinner or thicker walls.

- Door at the inner side
- Metal roll wheel at the front panel
- Locker incl. 2 double bit keys
- Color: Light grey
- PU: 1 pcs
- MOQ: 1 pcs
