<b>Profiltiefe (in mm)</b> / profile depth (in mm)	
<b>VL</b> ____ mm	<b>VR</b> ____ mm
<b>HL</b> ____ mm	<b>HR</b> ____ mm

Uncomplicated storage and retrieval - no longer a problem with the special EICHNER stickers. The high-quality stickers with metallised backing adhere perfectly to the wheels, regardless of whether they are dry, wet or dirty. The pre-printed form contains all important information about the storage, such as eg customer name, storage number and numberplate, but also the vehicle brand and type, tyre size and rim type, as well as spaces for tread depth, wheel caps and bolts.

- metallised backing
- no migration on front of the label
- waterproof
- non-fading
- inscribable with any pen
- extremely good grip
- even adheres to wet or dirty tyres
- Color: White
- PU: 1 reel of 100 pcs
- MOQ: 1 reel of 100 pcs
