

Aluminum mounting for partition wall

Whether you want to attach a privacy or hygiene screen as a partition, this practical aluminum mounting provides a stable solution. The mounting can be attached to fix partitions with a thickness of at least approx. 2 mm. Maximum thickness of the partition should be about 6 mm. The bottom portion of the mounting unit includes a protective rubber coating, protecting both the table surface and the mounting unit from scratches or damage while providing additional stabile traction.

- For privacy screen or hygiene screen
- Made of aluminum
- Protective rubber coating protects from scratches or damage
- PU: 1 pcs
- MOQ: 1 pcs
