

## Base for mounting a key-acceptance dropbox

These bases are used to install a key acceptance dropbox (items 9201-00025 and 9201-00026). They allow installation at an individual location. The bases are made of sturdy carbon and are fixed in the cement floor. This ensures the highest possible safety.

- simple and safe installation
- suitable for outdoor and indoor use
- made of stable cold-rolled carbon
- Color: Silver
