

Magnetic barrier tape

The magnetic barrier tape is the ideal solution for temporarily securing hazardous and work areas in warehouses and industrial facilities. Thanks to its strong magnetic attachment, it can be flexibly attached to metallic surfaces without the need for tools - for maximum mobility and efficiency. Featuring a durable, highly visible webbing, it guarantees a clear signal and high durability in daily use. The integrated, patented centrifugal brake prevents the tape from suddenly recoiling and enables controlled and safe retraction - for greater safety and convenience during handling.

- Belt length 4.6 meters
- including centrifugal brake
- Color: Yellow-Black
